Special guest, Brianna Goodhart from the Guernsey County Soil and Water Conservation District.

SOMERTON RIDGERUNNERS LEARN ABOUT NATIVE SPECIES TO OHIO AND CAREERS IN AGRICULTURAL SCIENCE

March 1, 2023

At the February meeting of the Somerton Ridgerunners we had a special guest, Brianna Goodhart Roe. Brianna is an employee at the Guernsey County Soil and Water Conservation District. Brianna was kind enough to speak about her duties and job responsibilities and also brought along a demonstration of some species native to our area in Ohio. She had pelts, skulls and tracks to show our members. She also collaborated with our recreation leaders on a game demonstrating what happens when a species becomes overpopulated in an area. The members enjoyed Brianna's visit and learned so much! Something worth mentioning about the last two guest speakers we had at our meetings is that both are former Somerton Ridgerunner members! How awesome is that! Coming full circle in the 4-H/ FFA community! Lastly, Vaya Thornburg presented her report on Lyme disease and how to stay safe and how to protect yourself and your pets.
